The estimated monthly payment shown above equals the purchase price (excluding taxes and shipping charges) multiplied by 2.5339%. It is rounded to the next highest whole dollar. It is only good with the financing offer shown. If you make these payments by the due date each month, you should pay off this purchase within the promo period, if it is the only balance you are paying off. If you have other balances on your account, this payment will be added to any other minimum monthly payments.

**IMPORTANT: The information about the Fixed Monthly Payment shown assumes the following promotional financing offer is applied to the purchase:**

**17.90% APR for 60 Months\***

On purchases \$2500 or more with your CareCredit credit card. 60 fixed monthly payments required.

\*Interest will be charged on promotional purchases from the purchase date at a reduced 17.90% APR on purchases with 60 months promotional financing. Fixed monthly payments are required until paid in full and will be calculated as follows: on 60-month promotion – 2.5339% of initial promo purchase amount. The fixed monthly payment will be rounded up to the next highest whole dollar and may be higher than the minimum payment that would be required if the purchase was a non-promotional purchase. Regular account terms apply to non-promotional purchases. For new accounts: Purchase APR is 26.99%. Minimum Interest Charge is \$2. Existing cardholders should see their credit card agreements for their applicable terms. Subject to credit approval.
